

Step-by-Step Process

1. Wet a clean cloth with warm water.
2. Add a small amount of mild soap to the cloth.
3. Rub the cloth over the dirty areas of the headliner or seats.
4. Rinse the cloth with clean water and wipe away any soap residue.
5. Dry the area with a clean towel.
6. If you have leather seats, follow the instructions on your leather cleaner to spot clean any areas that are particularly dirty.
7. Use a steam cleaner or upholstery attachment to deep clean the headliner and seats.
8. Fill your steam cleaner or upholstery attachment with water according to the manufacturer's instructions.
9. Add a small amount of mild soap to the water.
10. Turn on the steam cleaner or attachment and run it over the headliner and seats.
11. Let the area dry completely before using it again.
