

## Checklist: Clean Leather Car Seats

1. Vacuum the seats. Use the upholstery attachment on your vacuum cleaner to remove any dirt, dust or crumbs from the seats.
2. Mix a solution of mild soap and water. Apply the solution to a clean cloth and wipe down the seats.
3. Rinse the seats with a damp cloth. Be sure to remove all of the soap solution from the seats through dampen a soft cloth in your chosen cleaner and gently wipe down the seats.
4. Dry the seats with a clean towel.
5. Use a leather cleaner or conditioner. This will help to protect the leather and keep it looking its best. Use a small amount and rub it into the seats with a clean cloth.
